

Greek government has telegraphed to Col. Berthies, who has promised to bring with him 2000 Italian volunteers, telling him to hold himself and his men in readiness to come here at any moment.

At the Greek Dietaries have been summoned to attend the next meeting of the Boule, when an important pronouncement is expected. The powers, however, are still trying to effect a move with little prospect of success. It is stated that the French Ambassador at Constantinople, M. Gambon, has been instructed to draft an autonomous constitution for the Island of Crete, allowing the Cretans to choose their own Governor and providing for a simultaneous Greek and Turkish evacuation of the Island. It is feared these efforts will turn out to have been made too late.

GOING BACK TO GREECE.

TRIKALA, April 13.—10 p.m. The insurgent bands have returned to Greek territory, with the exception of one or two, which are composed of only a small number.

COMPROMISE IN THE AIR.

The London Chronicle's Man Says Turkey is Friendly.

(BY ASSOCIATED PRESS WIRE.)

LONDON, April 13.—(By Atlantic Cable.) The Athens correspondent of the Daily Chronicle says that compromise is evidently in the air. Turkey is showing herself exceptionally friendly to Greece, and it is believed in diplomatic circles that the two parties, if left alone, would settle the纠纷 in amicable ways.

Advises from Europe represent the situation there as a reign of terror. The Turks are laying the country waste with fire and sword. The vials of Janina has ordered every Christian to give the Turkish army ten sheep and a bullock.

AUSTRIANS FIRED ON.

More International Complications Likely to Follow.

(BY ASSOCIATED PRESS WIRE.)

CANEA, April 13.—(By Atlantic Cable.) While fifty Turkish soldiers were landing to reinforce the fort at Kissamou, the Greeks fired on the boats. Several shots struck the Austrian boat, which was assisting, whereupon two Austrian and one Turkish gunboat bombarded the Greeks and repulsed them. It is said that the Cretans recently impaled outside the fort a Turkish non-commissioned officer whom they captured.

STOPPED THE TURKS.

CANEA, April 13.—Today the Turks fired on the insurgents at Akrotiri, but the fusillade was stopped by the intervention of the warships.

HEROIC HELLENES.

Three Thousand Greeks Confronting Ninety Thousand Armed Turks.

(BY ASSOCIATED PRESS WIRE.)

NEW YORK, April 13.—A dispatch to the Journal from Athens says:

The three thousand heroic Hellenes who entered Macedonia have taken the towns of Balo and Crete, driving out a garrison of 500 Turks at the latter place. They are now advancing along the snowy ridges of the Pindus Mountains toward Grevena. They have already cut the telegraph wire between Macedonia and Epirus, closing communication between the two divisions of the Turkish army.

The Pindus range, which runs north and south, is the only route for the insurgents into Macedonia. The insurgents intend to take the heights about Grevena and there will harass the Turkish troops in the flank. The enterprise is daring, even to the point of madness, and we go down to history at the hand act of a century. There are 3000 irregulars confronting a trained army of 90,000 armed Turks.

The fact that the Greek soldiers did not follow the Greek irregulars shows the splendid discipline in the army. The war has not yet reached the heat. Five hundred volunteers arrived yesterday from the Island of Cyprus and marched through the city, headed by priests with long, flowing hair, bearing flags.

TIME TO QUIT.

ST. PETERSBURG, April 13.—The Novoe Vremya declares that all coercion of Greece upon the part of the powers will cease as soon as war is declared, because otherwise it would bear the character of a pro-Turkish intervention.

HE LONGS FOR A REST.

PRESIDENT DWIGHT OF YALE WILL RETIRE.

He Will Retire as Head of the Great University While Yet in Full Possession of His Powers, so That He May Enjoy Himself.

(BY THE TIMES' SPECIAL WIRE.)

NEW YORK, April 13.—[Special Dispatch.] A well-authenticated rumor is afoot to the effect that the annual report rendered by Rev. Timothy Dwight, as president of Yale University, this week, will be his last in that capacity or next to his last. The fact is known to but few, but they are high in university circles. It is said that Dr. Dwight contemplates resigning at an early date, either this year or next, and probably this. He has long said he did not care to remain at the head of the university, for which he has done so much, until he was useless. On the contrary, he has felt it would be much more agreeable, particularly to himself, to retire while still in full possession of his powers, and enjoy the rest which his labors might have won.

GRANT'S SARCOPHAGUS.

Everything Ready for the Removal of the Remains.

(BY ASSOCIATED PRESS WIRE.)

NEW YORK, April 13.—The work of unsealing the steel casket in the temporary tomb of Gen. Grant was finished tonight, and everything is in readiness for the removal of the body to the crypt of the new tomb. The time of the removal is still kept secret.

The sarcophagus is all ready for the reception of the coffin containing the body. The great lid, weighing a ton, has been raised, by means of a derrick, three feet above the sarcophagus proper, so that the coffin can be slid into the hollowed-out portion.

Californians Encouraged by the Friendly Attitude of President McKinley Regarding Appointments and Improvements.

(BY THE TIMES' SPECIAL WIRE.)

WASHINGTON, April 13.—[Special Dispatch.] Richard Kerec of St. Louis, head of the Los Angeles Terminal Company, has been reinforced by many fellow investors in Southern California securities, and they are now preparing for a descent upon Secretary Alger. The arrival of Senator White is all that is needed, and he is expected here by the latter part of the week.

St. Louis men have feared an attempt to introduce a bill in the Senate blocking the way to San Pedro harbor improvement, based on later estimates that the cost would exceed the appropriation. Secretary Alger has said he is simply examining the reports, but the Californians hold he has no discretion.

On the arrival of Senator White, the plan is to have a delegation wait on Secretary Alger and learn what he intends to do.

President McKinley, in a recent conversation with a Californian, said he would do everything possible to please Californians, not only in appointments, but in improvements. This is taken to mean that he will see that the administration comes out with the plan made for State works as soon as possible.

THESE DEPARTED JAPS.

Another Version of the Trouble at Honolulu—One Warship.

(BY ASSOCIATED PRESS WIRE.)

WASHINGTON, April 13.—The Japanese Legation has received telegraphic advice from official sources in the Hawaiian Islands of a number of Japanese immigrants, who do not agree entirely in all details with the accounts already published in this country. It appears, according to these advices, that out of 668 Japanese passengers brought to Honolulu by the steamer Shinshinmaru, 302 voluntary passengers and 146 contract laborers were sent back to Japan. The Hawaiian authorities then said that these people, on land, on the ground that the voluntary passengers were not possessed of \$50 in gold each, as provided in the landing law, and because the contract laborers had not complied with the provisions of the law, they were sent back.

The passengers thereupon petitioned the Supreme Court to set aside the decision of the Collector-General of Customs, forbidding them to land, but the court rejected the petition on the ground that the decision of the Collector-General was final, and that Japanese not yet landed in the islands had no right to petition. The Japanese Consul-General protested against this action, on the ground that the exclusion of the voluntary immigrants was a violation of their rights, whatever might be the case regarding the laborers and their alleged failure to secure previous approval of their contracts. He himself had personally examined into the facts regarding the voluntary emigrants, and had found that they had paid in bond for the possession of the amount of money required by law in such cases.

So far as they, at least, were concerned, the decision of the Collector-General appeared to be in violation of the law and of the facts. While it is true that one of the Japanese men of war, stated in press dispatches, has been sent to Hawaii, the officials of the Japanese Legation state most positively that this action has not been taken for the purpose of menacing the Hawaiian government, but simply to preserve order among the Japanese residents, who, it is said, might possibly become excited by what they regard as a violation of the rights of their countrymen.

SOUGHT WARMTH.

Sanguinely Excuse for Leaving the United States.

(BY ASSOCIATED PRESS WIRE.)

NEW YORK, April 13.—Gen. Julio Sanguily, accompanied by his son, arrived in this city last night from Florida and went at once to the house of his brother-in-law, Edel Norte Farres. An interviewee said: "When I started about ten days ago for a trip south, I was in search of a warm weather, as the damp atmosphere there prevailing in this city was very annoying to me troubled as I am with rheumatism and old wounds. It was not, as reported, to the Cuban Islands, where I was born, but I did not care to remain at the head of the university, for which he has done so much, until he was useless. On the contrary, he has felt it would be much more agreeable, particularly to himself, to retire while still in full possession of his powers, and enjoy the rest which his labors might have won."

THE BILLS INTRODUCED.

WASHINGTON, April 13.—Gen. Julio Sanguily, introduced by Senator Chandler, has introduced bills concerning the Secretary of the Navy to take possession of the great armor factories of Carnegie, Phipps & Co. (Limited) at Homestead, Pa., and of the Bethlehem Steel Company at Bethlehem, Pa., and operate them with government forces until all the armor plate needed to equip the new battleships have been completed.

"The bills will further provide that when the work is completed suit shall be begun in the usual way before the Court of Claims for compensation of the two companies for the use of their factories, and that on a report from the Court of Claims to Congress, an appropriation shall be made to reimburse them. These measures are the sequel to the recent failure of the Navy Department to secure bids from the Carnegie and the Bethlehem works for armor plate within the rate specified by Congress, \$300 ton."

FIFTY-FIFTH CONGRESS.

EXTRA SESSION.

BY ASSOCIATED PRESS WIRE.

In the course of the presentation of memorials, Senator Cockrell of Missouri announced that he held in his hand "one of the stereotyped printed petitions from that distinguished Indianapolis conference in which they desire Congress to surrender to them the right of self-government." He asked that it be referred to the Finance Committee with the understanding that he did not endorse it.

Senator Morgan of Alabama (Dem.) then entered upon the fourth day of his speech on the resolutions decreeing that the seat of war was in Cuba. He said Spain stood indicted of reckless violation of every treaty obligation. At the present time, he said, we were furnishing the Spanish army and navy with supplies, and at the same time we were arresting everyone who attempted to send supplies to the Cuban forces.

The Senator asserted that the course of events led to the belief that our government was more in sympathy with this ancient Bourbon dynasty than with our own people. He fears that the American people will not be checked in their check of such long, but that they would cross the Gulf of Mexico as the Greeks were crossing the Mediterranean Sea, to avenge the cruelties which only Turks and Spaniards were capable of inflicting. Mr. Morgan read numerous letters from the Spanish governor of the province of Oriente to show the complete establishment of government by the Cubans.

Proceeding, Senator Morgan said that Spain, alarmed by the recent vote in the Senate, had granted following rights to Cuba: Right to River.

Mr. Morgan read a speech by Senator Duperre du Lome, had stated that the conduct of Spain toward Gen. Rivera would depend largely on the suppression of filibustering. Had it come to this, then asked Mr. Morgan, what Rivera was to be held as a hostage to the coast?

Mr. Bryan was greeted with a lusty cheer as he entered the hall. The menu was carefully prepared and was similar to such a dinner as might have been served during Jefferson's days. The dishes were all American creations and each course, as far as possible, represented one section of the country. The dinner began promptly at 8 o'clock, an orchestra playing national airs blended with Spanish melodies to conform in simplicity to the spirit of the occasion.

Toasts were proposed and briefly responded to, except in the case of Mr. Bryan, who spoke at length to the toast of "Thomas Jefferson." The order of the seat toasts was as follows:

"Thomas Jefferson: We celebrate the anniversary of his birth, not in the spirit of personal idolatry, but from regard and reverence of his political principles."

"The diffusion of information and arraignment of all abuses at the bar of public reason" (from Jefferson's inaugural address).—[William J. Bryan.]

"Equal and exact justice to all men of whatever state of persuasion, religion or political" (from Richard P. Bland of Missouri).

"The Declaration of Independence, an enduring monument of that devotion to God and to the cause of freedom which stands the champion of mankind and marks the whole course of the life of its author."—[Joseph C. Sibley of Pennsylvania.]

"Peace, commerce and honest friendship with all nations, entangling alliances with none" (from the same address).—[John J. Long of Ohio.]

"An aristocracy of wealth is of more harm and danger than benefit to society" (Jefferson).—[Andrew J. Lindsay of Virginia.]

"A jealous care of the rights of electors, of the people, of the minister, safe corrective of abuses which may beget contempt" (from Jefferson's inaugural address).—[William Sulzer of New York.]

"The Democratic party is strong just in proportion as it proves true to the teachings of its great founder. It is the mission of the Democratic party to crystallize into organization the principles which he taught."

"The party applies Democratic principles to the questions which arise from time to time. For many years the tariff question was the paramount issue and the party took a more advanced position each year until 1892, when it declared itself in favor of a policy which was to be substantially a tariff in revenue only. But the President elected at that time, instead of proceeding to carry out that portion of the platform, forced upon public attention an issue which up to that time had been considered secondary. Mr. Cleveland, more than any other person, is responsible for the prominent position which the party has taken in the subsequent capture of the murderer, not having been authenticated, and the story is consequently discredited by many residents here." The report of the murderer was pretty generally circulated throughout the session, but until an investigation, which is now in progress, is completed, nothing further can be learned of the rumored tragedy.

COL. PICKETT'S MISTAKE.

The New Haven Editor Takes Nux Vomica for a Tonic.

BY ASSOCIATED PRESS WIRE.

NEW HAVEN (Conn.), April 13.—Col. Charles W. Pickett, Republican politician and editor of the New Haven Evening Leader, had a peculiar and narrow escape from poisoning last night. Pickett is a sufferer from dyspepsia and is taking a tonic for relief. The tonic has been kept in a medicine chest at his house with other drugs.

Last night, feeling indisposed, he went to the medicine chest and took what he supposed was the tonic. In a few minutes he began to feel ill. Investigation discovered that he had made a mistake; instead of his tonic he had taken an emetic and had taken a hundred drops of vomica.

Pickett mounted his bicycle and scolded to the office of Dr. William P. Baldwin, who hastily gave him an antidote and informed him of the mistake, by which the influence of the poison was overcome. Dr. Baldwin said it is the only case he has ever heard of in medical practice where death did not follow such a dose as Pickett swallowed.

The exertion on the bicycle in the mad race for life is supposed to have had a beneficial result.

VANCOUVER (B. C.) April 13.—[Special Dispatch.] No United States citizens need apply for day labor on public works in the seaboard cities of British Columbia. Agitators have aroused the alleged loyalty of the civic fathers over the American labor-trouble at Detroit and Buffalo, and today, when it was reported that Seattle workmen were asking for jobs on the public works, a resolution was hurried through the Council that none but British subjects will be employed by the city.

Other cities will follow, and the system will be extended to all corporations asking favors from the municipalities as a requirement before granting requests.

AMOS EVANS'S WILL.

San Jose Man Leaves Property Worth Over \$20,000.

(BY THE TIMES SPECIAL WIRE.)
SAN JOSE, April 13.—[Special Dispatch.] The will of the late Amos Evans has been filed for probate. The widow is given from \$20,000 to \$25,000 and the remainder of the estate goes in about equal shares to the sons and daughters, after certain legacies are paid.

There is given \$10,000 to the mission board of the First Presbyterian Church of this city, and \$1000 is to be expended on a monument to himself. The estate is worth from \$100,000 to \$150,000. Amos Evans was a brother of S. C. Evans, the banker of Riverside.

TOOK GIRL AND CLOTHES.

An Alameda County Step-father Hunting for Charles E. Caney.

(BY ASSOCIATED PRESS WIRE.)

OAKLAND, April 13.—Charles E. Caney, 42 years of age, and Jessie Strehl, 19 years old, both residents of the town of Golden Gate, have eloped. An angry father is on the trail of the pair, and will invoke the aid of the law in bringing them back. He cannot prevent their marriage, but, unfortunately for Caney, the latter carried away with him a suit of clothes and longing to his sweetheart's home, and it is necessary for a warrant charging him with petty larceny that the father, or more correctly speaking, the step-father, Charles W. Sprague, expects to locate and cause the return of his daughter and Caney.

Miss Strehl is a handsome blonde of slender figure. Her parents say they cannot understand what induced her to leave home with Caney. Both father and mother profess the greatest surprise over the affair, and declare that they did not know that Caney was paying attention to their daughter. Caney comes of a highly educated family, and Mrs. Charles Russell, whose husband until a short time ago was president of the Bank of Colfax, Wash., now resides in San Francisco. Sprague believes the eloping pair have gone either to Stockton or Los Angeles, and will make an effort to locate them.

KILLED AND RESURRECTED.

How Mrs. George R. Clarke Trifles with Her Husband's Memory.

(BY ASSOCIATED PRESS WIRE.)

OAKLAND, April 13.—George R. Clarke lived in Alameda for many years, and in 1880 became slightly demented. He finally wandered out of the city, and a short time later it was reported that he had died at Placerville. His death was not fully verified at the time, but years elapsed, and he failed to put in an appearance.

In 1890 James Stanley, then Public Administrator, applied for letters of administration on his estate. Mrs. Clarke assented to the arrangement, and when brought into court aided in proving that her husband had gone to his eternal rest in Placerville some time in 1880.

The estate in the courts for four years and was not finally settled until 1894. In September of that year Mrs. Clarke gave Stanley a note, for the amount of his fees and services and a mortgage to insure the payment of the claim. Stanley sold the claim to William Potts and the latter demanded the payment of interest on the note. It was not forthcoming and Potts commenced suit.

Mrs. Clarke has just filed her answer, and it opens with the allegation that her husband is not yet dead. It is therefore reasoned that he left no estate to be administered as administrator, and that the note is therefore left without a consideration.

VON ARNOLD'S DOINGS.

The Bogus Baron Supposed to Be a Bigamist.

(BY ASSOCIATED PRESS WIRE.)

SAN FRANCISCO, April 13.—Although Charles J. Von Arnold was not arrested at Ogden on requisition papers from Kentucky, it is extremely probable that before many days are past the woman who abandoned her alleged right to the name of Delmas for the more potent title of "Baroness" von Turckheim, will find that the honeymoon has by no means brought an end to her troubles. Several people have been busy over the bridegroom's record since his happy departure, and it now seems like a fact that Charles J. Arnold, alias C. J. Von Arnold, alias Karl R. A. von Steinmetz, alias Baron Von Turckheim, wedded Jeanneine Shurle Young, he committed bigamy.

A telegram was received yesterday by Chief Legal, saying that requisition papers from Kentucky had arrived in Sacramento for Von Arnold, but that the Governor had refused to sign them, because the man had passed out of the State before the requisition was made. So the man's party passed through Ogden unbothered. There is no doubt that he is in this city, although her present whereabouts is not known.

Furthermore the tracing of the proofs of Von Arnold's marriage to this woman develops a possibility of there being still a third woman who has legally borne his name, and yet has never been

separated from him by law. Arnold was married to Emma Paul of Chicago at Aurora, Ill., on March 10, 1890.

THE FIRST WIFE.
SAN FRANCISCO, April 13.—Mrs. Emma Van Arnold, the first wife of the detective who, as a bogus "baron," married Jeanine Young, and arrived at Ogden this afternoon, came into contact with the Chief of Police here today. She produced her marriage certificate, showing that her marriage with the alleged "Count von Turckheim" is genuine. It is expected by the local police that Von Arnold will be arrested on his eastward flight, as he is wanted by the authorities of many cities.

THIS CHICAGO RECORD.

CHICAGO, April 13.—According to the records in the Chicago police bureau of identification, the man who is said to have married the San Francisco woman, and who gave the name of Baroness Ludwig von Turckheim, Robert Ludwig, alias Baroness Young, and arrived at Ogden this afternoon, was born in Chicago from the year 1888, when he first located in the city, as Charles J. Arnold, a private detective.

Associated with "Bob" Bruce, since he had a diverse business, until the firm was broken up, and though he found another partner, he soon found it better to go elsewhere. Subsequently he was heard of in Minneapolis, again at his former business, that of a detective, a wealthy woman of the Minnesota city wished to get a divorce from her husband and employed Arnold. Then the woman found that her silver service and \$1000 had been stolen. She had the local police look the matter up. They found Arnold's house, but he could not be found. Afterward the silver was found.

Then, according to police reports, the man went south. His next move was to Sacramento, and, up to his last appearance as a German baron, he is supposed to have continued his detective work.

THE WARRANTS OUT.

SAN FRANCISCO April 13.—Charles J. Arnold, alias Baron Robert Ludwig von Turckheim, will probably be brought here to answer to a charge of bigamy.

A warrant for his arrest was issued today by Judge Aen of Oakland, upon the complaint of Arnold's first wife, whom he deserted about six months ago, and from whom he has never been divorced. The Oakland Chief of Police wired to the Oneida Chief of Police to arrest the bogus baron upon his arrival in that city, where he was due at 4 o'clock this afternoon, and to detain him until an officer with requisition papers may be sent to fetch him back to California.

Upon his arrival a charge of perjury will also be filed against him based on the false affirmation he made last Saturday regarding his name when he procured the license to marry Jeanine Young.

THESE DEMOCRATIC SUCCESSES.

Arthur Sewall Says They are Not Specifically Significant.

(BY ASSOCIATED PRESS WIRE.)

SAN FRANCISCO, April 13.—Arthur Sewall, the Democratic candidate for Vice-President in the last campaign, arrived from the East via the Isthmus of Panama last night. Mr. Sewall has been on the water for the past thirty days, and consequently is not familiar with the political happenings of that period. He said:

"I place no special significance upon the recent Democratic successes in eastern states. They were the result of local influences and conditions. The people of the East are inclined to give President McKinley and his administration a fair trial. Business is very much depressed there, and should it improve I think the Democrats will present the same old story. We have had a lot of work to do by the new commissioners. The salary of each member is \$4000 a year, and the term is two years."

TREKA STAGE ROBBED.

The Highwayman Fails to Get More Than Fifty Dollars.

(BY ASSOCIATED PRESS WIRE.)

TREKA, April 13.—The Treka stage, which was robbed ten miles south of here today, contained five passengers besides the driver, one of them being a lady. A few hundred yards north of the summit the road makes a sharp turn, and as the driver, Frank Hevey, approached this place a minute ago at 5 o'clock in the evening, wearing a dark green hat and white mask, stepped from behind a large rock, and, leveling a rifle at the driver, ordered him to throw out the Wells-Fargo express box and the registered-mail sack. Hevey complied with the command, and was then ordered to drive on. The passengers were not ordered to get out.

The Clark Bank at Fort Jones was expecting returns from a shipment of gold, but it was not on this stage, and the robber did not get more than \$50 out of the express box. Express Agent Asaph Wadsworth, in company with a deputy sheriff, left the stage, and the robbery did not reach here until over two hours later, when the stage reached Fort Jones.

CIRCULATION.

Sworn Weekly Statement of the Circulation of the Los Angeles Times.

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, SS.

Personally appeared before me, Harry Chandler, superintendent of circulation of the Times, who, being duly sworn, deposes and says that the daily bond editions of the Times for each day of the week ended April 10, 1897, were as follows:

Sunday, April 4..... 24,610
Monday, "..... 17,960
Tuesday, "..... 17,960
Wednesday, "..... 18,020
Thursday, "..... 18,000
Friday, "..... 18,280
Saturday, "..... 18,280

Total for the week..... 132,750
Daily average for the week..... 18,970

[Signed] HARRY CHANDLER.
Subscribed and sworn to before me this 10th day of April, 1897.

STATE OF CALIFORNIA, THOMAS L. CHAPIN, Notary Public in and for the County of Los Angeles, State of California.

NOTE.—THE TIMES is a seven-day paper. The above aggregate, viz., 132,750 copies, is issued by us during the seven days of the past week, would, if apportioned on the basis of a six-day evening paper, give a daily average circulation for each week-day of 22,295 copies.

THE TIMES is the only Los Angeles paper which has regularly published sworn statements of its circulation, both gross and net, weekly, monthly and yearly, during the past several years. Advertisers have the right to know the NET CIRCULATION of the medium which seeks their business, and this THE TIMES gives them correctly, from time to time.

BURBANK—The Three Hats.

NOT A LOCAL ISSUE.

There is much more reason for a duty of 1 cent per pound on oranges and lemons than for a duty of 1 cent per pound on grapes and peaches. The grower of peaches is to a considerable extent protected by the perishable nature of his product. The same, to a less degree, is true of grapes. But citrus fruits can be kept for a long time after being picked from the trees, and can be shipped long distances without danger of serious deterioration. For this reason, foreign oranges and lemons can be shipped into the United States, to the great detriment of the domestic industry.

Those eastern Senators and Representatives who are joining hands with the New York importers against the products of California are exhibiting a very narrow and petty spirit. Protection is not a "local issue," the late lamented Gen. Hancock to the contrary notwithstanding. It is the broadest kind of a broad national issue, and should be treated as such. The great staple products of each and every section of the country are entitled by the verdict of the people as rendered at the late national election, to ample protection. That verdict was not rendered in favor of any particular locality, nor was the result achieved by the voters of any one section. As the result of the election was general, so should the legislation which follows it be general in character. No one locality should be favored at the expense of another locality. Having secured protection for their products, the eastern Senators and Representatives should be willing in all fairness to grant as full protection to the products of the West.

If importers and foreign governments are to be allowed to dictate the terms of our tariff laws there will be no particular reason why the American people should vote on the tariff question at all. It would save a great deal of trouble, time and expense to turn the whole matter over to the free-trade attorneys, the importers, and the representatives of European governments in the United States. Our Congress, being thus relieved of the burdens and responsibilities of legislation, might turn its attention to plans and specifications for relieving the condition of the destitute savages of Patagonia, or to some other equally beneficial work of charity.

FUND FOR THE UNEMPLOYED.

Additional contributions to the above fund have been received by THE TIMES as follows:

B. S. Hays.....\$10.00
J. J. Frampton.....5.00

Total.....\$980.20

The grand boulevard through Elysian Park is still unfinished, but most important of all there are hundreds of needy and deserving men, with families dependent upon them, who are out of employment. This fund is still open and those who have not yet contributed are respectfully invited to forward their offerings, which will be promptly acknowledged.

Gen. T. C. H. Smith, who died in the Ojai Valley, Ventura county, on the 8th, was known during the war as "Telegraph Smith," to distinguish him from "Baldy" Smith and A. J. Smith, who was the first colonel of the famous Sacramento regiment. Gen. Smith devoted his time chiefly to keeping up the telegraph lines, and had a very risky time of it to the very last hour of the war. President Hayes said he was one of the greatest aids the Federal government ever had to assist in putting down the war; and he was in a position to know whereof he spoke. Gen. Smith was a sterling man, a patriot and a soldier. The writer, in memory of a long-time friendship, reverently lets drop a flower and a tear upon his tomb.

In consequence of the crusade made by Senators Gallinger and Allen against the Civil Service Act the condition of matters as they exist under it has been looked up. It has been found that the whole number of places in the civil service is 178,117, of which 87,107 are in the classified and 91,610 in the unclassified service. There are now about ten thousand persons appointed by the President and the number is on the increase. During 1896, 31,270 persons were examined for the classified service and 20,493 passed examination, but out of these only 5,846 have so far received appointments to any sort.

SOME FACTS ABOUT GREECE.

The kingdom of Greece has a total area of about 25,000 square miles, and a population of about 2,000,000 souls. The law-making power is vested in a House of Representatives consisting of 150 members. These are elected by popular vote, but the legislative body is convened and adjourned by the King. The people of Greece are generally well educated, intelligent and intensely patriotic. They are natural politicians, and take great interest in the conduct of public affairs. Although the numerical fighting strength of Turkey is much greater than that of Greece, the latter makes up in enthusiasm, to a considerable extent, what she lacks in numbers. It is at least a debatable question whether, if Europe will keep hands off, the Greeks will not whip the Turks in a fair stand-up fight.

The ancient Greeks, or Hellenes, from whom those of the present day are descended, were a brave and warlike race. The history of Greece is a long and fatal record of heroism and bloodshed. The earliest history of the country which can be regarded as authentic begins with the Dorian invasion, which covered some two centuries and was completed about 1000 B. C. The Doric invaders formed the State of Sparta, while the former inhabitants were reduced to slavery, both in the mainland and in the colonies. The great war between Sparta and Athens began in 432 B. C., and lasted twenty-seven years, resulting in the defeat of Athens. Sparta having thus established its supremacy, began a series of oppressions which finally brought about a combination of the other States. This was aided by the Persian King, and caused the downfall and defeat of Sparta at Leuctra, in 370 B. C.

The greatest power of ancient Greece was attained under Alexander the Great, who defeated Darius, founded the city of Alexandria overthrew the Persian empire, and conquered Asia Minor, planting Greek colonies throughout the conquered territory. The death of Alexander occurred at Babylon, in the year 323 B. C. His death was followed by the Lamian war for political liberty, but the Macedonians, under Antipater, were again victorious.

Greece was ravaged by the Goths in 395 A. D. In 474 A. D. a great pestilence depopulated many parts of the country. The Bulgarians swept the country in 1018, but were defeated, finally, by Basil II. In 1463 Mohammed II gained the mastery over Greece, and nearly all the possessions of Greece had passed into the hands of the Turks before 1669. Thus matters remained until 1821, when the war for independence broke out. This war lasted until 1828, when, by the aid of England, France and Russia, Greece once more gained her liberty.

Otho of Bavaria was made King of Greece in 1832, and reigned until 1862, when he was forced to leave the country. George I., the present King, succeeded Otho, beginning his reign in 1862. He is a son of the King of Denmark, and is 52 years of age, having been born in 1845.

The audacity shown by the Greeks in the present crisis suggests the thought that they are not acting altogether upon their own initiative. It is scarcely conceivable that this small nation, even though it be descended from a race of warriors, would wantonly hurl defiance in the face of allied Europe. Such an attitude, unless backed up by some great power, would be the acme of foolhardiness.

It appears that Johnson values his lacerated feelings at exactly \$100,000, but, with a consideration truly Christian, he has divided this sum into quarters, in order that no one defendant shall be oppressed by a judgment against him for the full amount. The Republican, if it and the jury had only lived up to what was expected of them, should have paid \$25,000 for the privilege of telling the world what the citizens of Fresno thought of the Johnson brand of moral philosophy. As this proved to be the hope that all the infatigable evangelist is trying to take out of the Expositor, the result of the entire trial of the future, which has a laudable habit of keeping its secrets until the time is ripe to divulge them with the heat effect.

Whichever way it goes, this worthy guerrilla of the church militant has given the Alcatraz to his bow. As soon as the libel suit is disposed of, another suit will be tried in the same court, in which Johnson appears as plaintiff against A. R. Briggs, H. Shewell, Louis Einstien, W. M. Wyatt and O. J. Woodward, all prominent figures in Fresno, who are accused of having conspired with the evangelist to go to the First National Bank and there detain him for two hours, depriving him of liberty and the pursuit of happiness, and causing him \$25,000 worth of mental anguish, to say nothing of the loss of reputation which followed the trial of the famous indignation meeting held that night in the bank.

There have been rumors of an additional \$25,000 suit against the San Francisco Examiner, which completes the sum of ingredients in the \$100,000 political drama. Johnson's attorneys as the most soothsaying apothecary for his spiritual bumps and bruises, but this court has nothing to do with the calamities that may befall a San Francisco paper. Just now, this Christian madam is giving it trouble enough of its own.

In the present case the Evening Expositor is represented by A. B. Butler and Hugh Hume, who wear a cheerful and buoyant air that seems to indicate a bland consciousness of having eaten the canary. Judging by the extracts from the articles complained of, Expositor is a farce in the best sense, in response to a recall looks fully equal to the task of slamming Johnny around the stage, as is done in make-believe. As has been said, this pair was given an ovation, and carried off the comedy honors.

The Vagrant is a trio of musicians who play duets on violins with piano accompaniment with genuine ability. They played selections last evening from the opera of "Carmen," the popular dark song and dance, "Ma Angeline," and the intermezzo from "Carmen." "Romantic," in a manner very gay and saucy, caused a popular favor that they were warmly encored.

The three Richards, a team of acrobats, do some entirely novel feats in tumbling, vaulting and somersaulting, and proved a strong attraction to the bill.

Dick and Alice McCahey, the clever Hogan's Alley kids, Lindley brothers, and Devere, who wear a cheerful and buoyant air that seems to indicate a bland consciousness of having eaten the canary. Waterbury, brooks and Tammie, the great musical act of last week, and the comedy member of the team introduces a lot of new business which serves to keep the audience enthralled.

A feature of their performance was the playing of L. F. Gottschall's new "Fiesta March," a comic trio.

The composition contains the elements of popularity, and will probably have a big run.

The Times

ALL ALONG THE LINE.

A miner writes from Desert Springs that when the people of Randsburg quit selling town lots to each other and go to work in earnest on their mines, the wonderful richness of the district will astonish the world. He intimates that the desert camps also need less whisky and more water.

The experience of Clossen, the man who killed another yesterday morning, surrendered at the Police Station, and was a free man twelve hours later, illustrates the difference between the methods of police departments. The man had \$200 when he was locked up. The difference between Los Angeles and San Francisco systems is that he had the \$200 intact when he was turned loose.

The Merchants' and Manufacturers' Association realizes that Los Angeles is no longer a village, and that it is time for the adoption of city methods in various lines of public service. The association has begun the work of educating the street-car operators, and it is to be hoped that its efforts may bring about a better system of running cars. Cession of street-railway traffic at 11:30 p.m. is absurd in a city like this. The cars should be run at least an hour later.

A report was sent out from Denver a few weeks ago, purporting to give details of a fight in a political convention, in which women delegates took a hand, and also a handful of whiskers from another delegate's face. Alice Stone Blackwell has taken particular pains to investigate the story, and has found that it was a pure fake without any basis of fact. So all the funny and the ill-natured things that have been said about women in politics because of the alleged scrimmage in Denver, must be retracted and duly apologized for.

Rev. S. S. Fisk, who for over two years has been pastor at the Baptist Church at Long Beach, has resigned to accept a position in the northern part of the State. Mr. Fisk is one of the best-known and most popular ministers of the gospel on the Pacific Coast. He was for several years stationed at Santa Barbara, afterward at Pasadena, and then at Santa Rosa, from which place he came to Southern California for his health in 1895. Mr. Fisk is a man of more than ordinary ability, outside of his chosen field. He is now obtaining a patent on a valuable mechanical invention.

And now it appears that the extensive systems of heating and ventilating the new public school buildings, which were recently put in at a cost of \$23,000, are practically a failure, the sanitary condition of some of the buildings being such as to absolutely endanger the health of the pupils. This is about the way the thing is generally done in American municipalities. The tax-payers are considered legitimate prey by enterprising contractors who are able to exert a hypnotic influence on municipal officials; but then the tax-payers must like it, or else they would take care to elect to office municipal servants who are not so easily hypnotized.

The Rev. Dr. W. J. Chichester, pastor of Immanuel Church, has received a call to the First Presbyterian Church of Chicago (Dr. Barrow's church,) which carries with it a salary of \$3000. This is such a marked increase over the salary paid to Dr. Chichester by his present congregation, and there are so many other alluring features to this call to an important field, that the reverend gentleman's Los Angeles friends and parishioners are much disturbed for fear he is to be lost to this community. Should he decline the call, it will be a proof of loyalty to people here that will be complimentary to them, as well as gratifying to those who admire the sterling Christian character and the intellectual attainments of one who stands well to the front in his profession in this city. Los Angeles can ill afford to lose such men as the Rev. Dr. Chichester, but whatever the loss to Immanuel Church, the Chicago congregation is to be congratulated on its selection of a pastor who is a noble man.

Lady Macbeth's Anniversary. Banner Hive, No. 21, Ladies of the Macbeths celebrated their third anniversary at I.O.O.F. Temple last night with an entertainment and ball, which drew out a large attendance from other hives in the city and neighboring towns. Mrs. Fanny D. Custer, Mrs. John C. Morgan, Mrs. Anna Townsend were on the Committee of Arrangements. The officers of the hive constituted the Reception Committee. The programme comprised selections by Wilson's orchestra; piano solo by Miss Larkin and Mrs. Grasty; a dramatic sketch, "The Lady or the Tiger," by seven ladies; the musical scene from "School for Scandal" by Miss Nanna Cutler and Byron Badham; recitation, Miss Crocker; Japanese dance by six ladies in costume; tandem dance, Miss Sylvia Douse; vocal solo, Anna Maria; instrumental duet by the Ryan brothers. At the conclusion of the programme the floor was cleared and a dance programme of twelve numbers was given.

Y.W.C.A. Benefit. The readings from "The Little Minister" given at the Southern California Music Hall last evening by the senior class of the Cummock School of Oratory, for the benefit of the Young Women's Christian Association, was a very successful and enjoyable affair. The programme, which was made up of charmingly-read scenes from the popular book, was participated in by the Misses Clara May, Russell, Elsie Maud Murphy, Blanche A. Garfield, Rosetta Evans, Ida M. Leonard, Marcia J. York, Lorene E. Horag, Jennie O. Chambers and Mrs. Anna Morgan.

Notice to Mariners. It is reported that the whistling buoy outside San Francisco bar, California, is not sounding well; the whistle being out of order. It will be repaired at once. This notice affects the list of beacons and buoys, Pacific Coast.

MERCHANTS AND MANUFACTURERS MEAN BUSINESS.

POOR Street-car Service, Bad Paving and the Harbor Job Pointed Out Alluded to by Resolutions—Forecast Office Wanted.

The Merchants' and Manufacturers' Association held an important meeting on Monday. Those present were President Frank and Messrs. Bergen, Kingsley, Anderson, Burnham, Wigmore, Griffith, Stuart and Chamberlain.

Robert McGarvin and the firm of A. Straus & Co. were elected to membership.

A communication was received from the secretary of the Chamber of Commerce inclosed resolutions passed by that body asking the Chief of the Weather Bureau at Washington to establish a local forecast office in Los Angeles, and the secretary was instructed to draft resolutions to the same purport and forward them to Prof. Moore, Chief of the Weather Bureau.

A communication was received from the headquarters of the Chamber of Commerce of San Francisco, inviting the members of the association to attend a Pure-food Congress to be held in San Francisco April 30. As no name whatever appeared upon the circular, no action was taken upon it.

An interesting communication was received from Rudolph Hurner, Bagdad, Persia, in regard to the export of dates to California. The writer had been established there twenty-six years, and seemed to have a general knowledge of the business, and stated that he could interest our agents in other articles, such as wool, gum tragacanth, galnut, black lamb's wool (astrakhan), Persian carpets, etc. He closed by a request that "In remitting orders, please open the necessary credit in a bank near Bombay, London, or Paris." Marselles.

A communication was received from William R. Castle, late Hawaiian Minister in Washington, strongly in favor of the annexation of the Hawaiian Islands to the United States.

The president of the National Association of Manufacturers, Theodore S. Slocum, sent a communication advocating the introduction of civil-service rules in the appointment of commissioners. Commenting on this later, Mr. Griffith remarked that we change our consuls with each administration, so that a man no sooner gets acquainted with the duties of his office and arrives at a high state of efficiency, than he is removed to give place to a new man.

The subject of inadequate street-car service came up for consideration. It was complained that people, while visiting their friends, cannot remain to a late hour in the evening, nor even those who attend meetings and concerts, because the service stops at such an early hour; and the secretary was requested to send a communication to the managers of the various street-car companies requesting them to extend their service to 12:30 a.m.

The subject of the condition of Spring street was discussed with earnestness and much warmth. The rails are so bad that wheels are frequently taken off and other accidents occur. The president pertinently asked "What are we getting for our tax?" and twenty-five street employés who actually perform service." The condition of the principal streets is worse than that of any eastern cities of the same or larger population. We cannot exhibit them to strangers without apologizing for their disgraceful condition. Mr. Anderson moved that a committee consisting of Mr. Burnham, Mr. Chamberlain, Mr. Kingsley, the president and secretary, draft strong resolutions expressing the sense of the association and urging the Manufacturing Committee to call to immediate action on the subject.

The subject of the unaccountable delay in the improvement of San Pedro Harbor was discussed at length, resulting in a motion that a letter be addressed to Senator Alton B. Parker and Congressman Barlow, reminding them that the government had made an appropriation for work on San Pedro Harbor, and that the people of Southern California expected that the officers would proceed to perform that work without waiting for instructions from private or corporate interests.

DOGS ON THE BENCH. Kennel Club's Show Opens Today in the Pavilion.

The ninth annual bench show of the Southern California Kennel Club opens today at Hazard's Pavilion, lasting until Saturday. The pavilion has been fantastically decorated by La Fiesta committee. The class of dogs to be exhibited is said to be superior to those of any previous exhibit on the Coast. A string of fifty dogs from San Francisco will form one of the chief attractions.

Judging will take place today and tomorrow from 2 to 5 p.m., by Mr. Otis Fellows, Mr. Franklin Remond, Mr. J. C. Jones, Mr. M. P. Snyder, Mrs. Sumner P. Hunt and Miss May Banning. J. Otis Fellows will judge the specials on Friday at 8 p.m., and at 8 p.m., Saturday, the special prizes will be awarded. All kennels are to be decorated by Friday.

Board of Trade. The newly-elected directors of the Board of Trade met yesterday morning at 10 o'clock and elected the following officers to serve for the ensuing year: F. M. Daniel, president; W. A. Henry, vice-president; John S. Thayer, treasurer; Gregory Perkins, Jr., secretary.

The following resolution was unanimously adopted:

"Resolved, that the Los Angeles Board of Trade again begs to call the attention of the Chief of the Weather Bureau to the establishment of a local forecast office for the collection and distribution of weather conditions and indications. We believe that such action will greatly benefit the fruit-growers and shippers and others in this section who, in view of that branch of the service for which we are responsible, are continually revealing here and the importance of the matter warrant us in making this earnest request."

THE PUBLIC SERVICE.

WILL BEGIN TODAY.

CENSUS ENUMERATORS TO VISIT EVERY HOUSE.

Instructions Issued by the Council Committee—To Finish the Work This Week.

"KID'S" TRIAL COMMENCED.

A JURY SECURED AND THE OPENING TESTIMONY TAKEN.

Non-Suit Granted in a Pomona Damage Case—McKeeby vs. City Case—Disputed Capacity of a Crematory.

At the City Hall yesterday the Board of Police Commissioners met in regular session. In the evening the Special Census Committee of the Council met the enumerators and issued instructions governing the work. The enumerators will begin work this morning and will probably finish this week.

At the Courthouse yesterday a jury was secured in the "Kid" Thompson case and the trial commenced. The case of McKeeby against the city was on trial in Department Four. A suit over a disputed accounting was taken under advisement by Judge Clark, and a non-suit was granted in a damage suit by Justice York. Two complaints charging the commission of battery were sworn to before Justice Young. The Supreme Court swelled the list of young attorneys, and a suit over the capacity of a crematory was commenced in Department Two.

AT THE CITY HALL.

OFFICERS PUNISHED.

FINED HEAVILY FOR ALLOWING PRISONERS TO ESCAPE.

Police Commissioners Take Severe Measures to Maintain Vigilance in the Force—Applicants for Appointment Tell Their Age.

The Board of Police Commissioners met yesterday morning in regular session in the committee-room of the Mayor's office. All of the members of the board except Commissioner Wyman and Mayor Snyder were present. The application of George P. Pfirrman for a transfer of the license for the saloon at No. 400 Aliso street, from Karl Reiman to himself, was granted upon recommendation of Chief of Police Glass.

The application for a saloon license at No. 233 East First street, from Rudolph Gahm was granted, Commissioner Forman alone voting in the negative. This is the saloon which was formerly called the "White Wings," but under new proprietors. Its license was revoked when held by E. J. McDowell, for violation of the midnight closing ordinance, and was appealed at tempests made to secure a new license by one subterfuge or another. Applications were received from the deputy tax and license collector for special officers' stars, on which should be designated their names. The Chief reported he could furnish such stars if so ordered. Commissioner Forman, however, opposed the issuance of any stars, and on his motion the applications were denied.

F. A. Weinshank filed a protest against the house of prostitution located at No. 148 San Pedro street, at the corner of Second and San Pedro streets, on which it was held that the house was conducted in such a manner as to be a nuisance to every one living in the neighborhood, and was particularly objectionable because there was a schoolhouse not more than a block distant and the school children passed to and fro in front of the premises. The matter was referred to the Chief of Police to investigate.

The application for the transfer of a saloon license at No. 301 East First street, from Alfred Barrell to George W. Atkinson, was referred to the Chief of Police to report.

The matter of issuing special stars to Officers Martin and Deputy Inspector Fommler was called up by Chief Glass. Upon the filing of the proper application, the two inspectors were elected special officers.

On the recommendation of Chief Glass, T. T. Barnes was granted permission to use a concealed weapon.

The investigation of the discrepancies as to the age of applicants for appointment on the police force, who had sworn that they were not over 35 years of age in their applications, while they figured on the Great Register as 35 years or over, was a most interesting one. Of five applicants who had been notified to explain their conflicting statements, only three appeared. These were J. M. Holman, Reuben Brown and J. V. Bradley. They all claimed that the error lay in the Great Register and was due to the mistake of the registration clerk. They were dismissed with instructions to adjust the matter with the registration clerk.

On motion of Commissioner Forman, Police Officer A. Miller was ordered suspended for one month and was fined one month's pay. Miller is the man who allowed a supposed burglar to escape by reason of his delay in starting in pursuit. When he had deliberately satisfied himself that the man should be arrested, he started in hot pursuit on the wings of a street car, but his man had flown.

The next victim to encounter the wrath of the commissioners was Police Officer J. F. Neighbors, who had been suspended by the Chief of Police on April 5, pending the action of the commissioners.

Chief Glass explained that the detectives had discovered that a woman had been offering a stolen bicycle for sale to one of the dealers. She was instructed to return later with the purpose of effecting her arrest. When the woman came, an attempt was made to detain her, but she refused to linger. A boy was sent out to follow her and point her out to a police officer. At Seventh and Spring streets the boy designated the woman with the stolen bicycle and told him to place her under arrest. She was then taken in custody, but while he went into a drug store to telephone to the Police Station, the woman walked off, leaving the bicycle on the sidewalk.

Police Officer Neighbors then made his statement. He said that the only information he had which to which he could swear the statement of a boy was that he had arrested an old, gray-haired, and well-dressed woman, who had every appearance of respectability. She had appealed to him not to subject her to the disgrace of a public arrest on the unsworn charges of a boy and had been compelled to do the matter. He had arrested her, however, and then telephoned to police headquarters to learn what charges were preferred.

against her. While inside the store at the telephone, the woman had escaped in the crowd.

After hearing the two statements the commissioners decided to inflict the same penalty upon Neighbors as had been imposed upon Miller.

Police Officer Robert Stewart was ordered fined 10 days for not settling a tailor's bill of \$26. The order was also made that, if at the end of that time Stewart had not paid the bill, his name should be dropped from the roll.

Applications for appointment to the police force were received from Sherman, W. E. Hope and W. L. Hubbard and ordered filed.

THE CITY CENSUS.

Enumerators Receive Their Instructions from the Council.

The special committee of the Council, consisting of Councilmen Nickel, Toll and Hutchison, appointed to supervise the taking of the city census, held a meeting last evening in the Council chamber with the census enumerators. Councilmen Ashman, Baker, Blanchard, Gridley and Mathews were also present. President Silver being detained by sickness.

The chamber had the appearance of a political convention, and as a matter of fact, most of the enumerators had figured in such gatherings as political speakers and political candidates. Many a small political debt is being paid by and most of them probably to the injury of the public service. From the appearance of the general aggregation of enumerators it is a safe prediction that the postal clerks, to whom will fall the duty of tabulating these returns, will have a hard task.

The trend of the questions put to the committee by the census-takers promises a fearful confusion of results, although on its face the work is simple enough, as only the names, residence and street numbers of each inhabitant of the city are to be recorded.

The following instructions were issued to each enumerator: He shall visit each habitation, home, residence, domicile or place of abode in his district and enumerate the inhabitants of the same. He shall take the full name, street and number of each inhabitant of the city, and record the same in the city of Los Angeles.

He shall make a list of all persons who are inhabitants of the

city of Los Angeles, and

then carry the large sack between them for a distance of about a quarter of a mile, to where a wagon was concealed. They had then been ordered to return to the engine and assist the regular firemen, who was pinned to the boiler, and the engine, and was slow to move, and dead. La Grange probably had more opportunity of studying the robbers than any other train hand. He described them as a tall man, standing about five feet eleven inches, and short, heavy set man, about five feet seven inches in height. He replied, when queried as to why he remained between the prison and the robbers, that Thompson might have been the taller of the two, but was not as heavy as he imagined the taller robber to have been. He thought an overcoat might make some difference in the stature of a man. He stated that he had a name, but did not know what it was, since the robbery recognized the voice of the train-robbbery, but had not heard the prisoner testify at his former trial.

The cross-examination of this witness elicited the fact that he had, at the first trial of the defendant, testified that Charles Etzler, the young man who Southern Pacific Detective Mrs. Tracy, who was with him and who testified against Thompson, looked like the tall man, and he repeated this.

The Wells-Fargo & Co. messenger, Henry Edgar, was next called. His testimony, as far as taken, was a mere corroboration of that of La Grange, with the addition that he placed the sum of money stolen at between \$100 and \$200, and a Mexican coin. He thought the tall man would weigh about one hundred and seventy pounds.

Thompson appears confident that he will win the case.

"My old attorneys left me in a tight place," he said yesterday, "but I'll come out all right. Charles McCrone and John A. Clark, two counsel to whom Alva Johnson confessed that I had nothing to do with the robbery and that he perjured himself when he testified against me, are on their way down here, and will be witnesses in the case." T. T. Van Sickle, a lawyer of this city, who was imprisoned with Johnson for awhile, will also aid in impeaching Johnson's testimony. Nothing but perjury and bribery convicted me before, and this time God and truth will conquer. The detectives procured disreputable characters to testify against me, and that is what convicted me."

McCrone is serving a long term for grand larceny, and Clark was sentenced for counterfeiting. Van Sickle, whom Thompson especially relies upon, was convicted of embezzlement, but is now free.

The cross-examination with which the prosecuting attorneys avoided eliciting any testimony regarding the two deaths consequent upon the derailing of the train, viz., that of the fireman Arthur Masters, who was slowly roasted to death, and an unknown tramp, showed that they were profiting by the finding of the Supreme Court and intended conducting the trial strictly on the charge of train-wrecking.

The trial will be resumed this morning at 10 o'clock.

ing two sleepers stopped on the telephone, the woman had escaped in the crowd.

vise the taking of the city census, held a meeting last evening in the Council chamber with the census enumerators. Councilmen Ashman, Baker, Blanchard, Gridley and Mathews were also present. President Silver being detained by sickness.

Judge York said that Lee had apparently done just what any man would naturally have done if he thought Rott was mistreating his wife.

Rott's attorney suggested that Lee ought to have given the matter further investigation. Judge York replied that he had learned from his observation of similar cases that discretion was usually the better part of valor when it came to an interference in another family affair.

CHARGED WITH BATTERY.

Two Complaints Sworn to Before Justice Young.

Two complaints were sworn to before Justice Young yesterday, one charging J. W. Hearst with battery, and the other charging one Banker with a similar offense.

The complaint against Hearst was sworn to by John McCann. McCann al-

leges that Hearst, who is a deputy fur-

niture constable of Baldwin, com-

muted to the Palace to arrest him.

McCann says the deputy asked him if his name was any other than the one he really bears, and he denied that it was. Thereupon, according to McCann, Hearst jumped upon him with an oath, and "used force and violence upon his person."

The complaint against Rott was filed at the request of P. J. Keeeler, a traveling man who makes his headquarters at Los Angeles. Banker rents a three-acre ranch at Tropico of Keeeler, and yesterday the latter and Dr. R. G. Wright of this city drove out to talk with him. Keeeler claimed that he had been forced to pay him \$100, and that he was to be held responsible for the amount.

"You may take it as you please; you heard what I said," was Keeeler's answer.

And then the alleged battery was inflicted. There is no doubt that some one beat Rott. Keeeler stated that he had secured a three-year lease on the property from her. Keeeler denied that even a verbal contract for that length of time had ever been made.

"You may take it as you please; you heard what I said," was Keeeler's answer.

SOCIETY.

Mrs. Charles McFarland entertained

at luncheon yesterday, at her residence on West Twenty-eighth street, in honor of her sister, Miss Larkin of Portsmouth, O. The table was prettily decorated in pink and violet, pink roses filling a crystal jar in the center and being strewn down the length of the table, tied at either end with a bow of violet satin ribbon. At each place was a long-stemmed rosebud. After the luncheon, several delightful baritone solos were rendered by the hostess's son, Daniel McFarland. Besides the guest of honor there were present the Misses Sara Innes, Florence Silent, Ada Patterson, Bessie Bonsall, Grace Cole, Ione Parsons, Miss Higgins of Columbus, O., and Miss Evans of Montana.

Mr. and Mrs. C. E. Guyer gave a dinner yesterday, at their residence on South Hill street, in honor of Mr. and Mrs. John F. Franks. The guests were all relatives and the affair was highly informal and most delightful. The table was decorated with pink sweet peas and maiden-hair ferns, arranged in a large centerpiece and scattered over the cloth. Beneath the centerpiece was a large square of exquisite drawn-work over green satin. The dinner was also served with the same peas and ferns. The dinner was served under the direction of Christopher. Those present besides the guests of honor were Mr. and Mrs. George Carson, Mrs. Dolores Watson, the Misses G. Dominguez, Anna Carson, Francisca Alexander, Etchemendi, Victoria and Lucy Carson and Vicar-General, Father Adam.

The annual reception to the members of the Stimson-Lafayette Industrial Association, held by Mrs. T. D. Stimson, at her residence on Figueroa street, yesterday afternoon, was attended by a large number of social women.

Mrs. Stimson was assisted in receiving by the following members of the board of managers: Misses C. N. Flint, Felix C. Howes, Frank Wiggins, Hamlin, A. P. West, A. M. Stephen, C. B. Jones, L. W. Blinn, S. S. Salisbury, Margaret Hobbs and R. J. West. The ladies' room was decorated in the punch and tea rooms were assisted by a bevy of pretty girls in charming gowns. In the punch room, which was decorated with masses of acacia and callas, Mrs. Ezra Stimson had charge of a bowl of delicious punch, and was assisted by the Misses Venable and Miss Sada Johnson. The table was covered with yellow marguerites and ferns, fastened here and there with yellow satin ribbons. In the dining-room, quantities of rose-colored carnations and grasses were arranged in a huge cut-glass bowl in the center of the table, and in many glass cases at diagonal opposite corners. Ropes of smilax, fastened at the chandelier with pink satin ribbons, fell to the four corners, where they were caught with ribbons and carnations. Mrs. Willard Stimson and Mrs. Frank St. M. Scott, president at either end of the table, were assisted by the Misses Fairchild, the Misses Flora and Clara Howes and Miss Goodrich. Flowers and potted plants were effectively arranged about the other rooms. Christopher catered for the affair.

Mmes. W. R. Hubbard, F. A. Salisbury and E. A. Bruck entertained at the Corrillo Club, Monday evening at the hall on the corner of Main and Thirtieth streets. The hall was decorated with roses and palms, and about the punch room were masses of pink and white fleur-de-lis and winteria. The evening was devoted to whist and dancing, the music being furnished by Knoll's Orchestra. The lady's first prize, a cut-glass vinaigrette, was won by Mrs. Barber, and the second, a salver plate, by Mrs. Bruck. Of Kentucky, the only guest not a member of the club, the gentleman's first, a silver-mounted hat brush, was won by W. H. Barnes and the second, a silver key-ring, by Dr. Cunningham.

Mrs. J. A. Osgood entertained informally yesterday afternoon at her home on West Twelfth street, in honor of the birthday of her niece, Miss Vivian Monroe. Miss Monroe and Miss Hatlie Minkler sang several solos, and games, conundrums and a dainty luncheon were enjoyed. The cutting of the birthday cake, which blazed with pink and white candles, was the source of much amusement. The golden ring fell to the lot of Miss Monroe and the slice to Dr. Harvey. The guests were: Mmes. Monroe, K. T. Galpin, Dr. Louise Harvey, the Misses North, Longstreth, Jenny Henderson, Maurice, Soul and Conger.

Mr. and Mrs. M. N. Newmark entertained about forty-five children Saturday afternoon at their home on Hill street in honor of the thirteenth birthday of their son, Roy. Dancing and games made up a delightful programme. The hall and parlors were decorated in La Fiesta colors. Mrs. Goldwater, Mrs. Schlesinger and Miss Mabel Myers assisted. The guests were:

Climate and Crop Bulletin.
The weather during the past week was very warm and dry, the temperature ranging considerably in excess of the normal. The first occurrence of this kind in the past two months, accompanied by frequent drying land winds. These conditions, high temperature and dry air, rapidly took up the surface moisture and caused the top soil to crust badly. The dry weather has made orchard cultivation necessary, and irrigation has already begun. Rain is needed for vegetation generally and for grain, particularly on high lands. The warm weather was beneficial for fruit trees, which are reported to be blossoming freely.

San Luis Obispo county—Luis Obispo: The weather was the 7th dried up the surface of the ground, but no injury to grain is reported; highest temperature 82 deg., lowest 41 deg.

Ventura county—West Saticoy: The very warm weather of the week dried out the ground considerably, and rain is needed; the weather was beneficial to grain and fruit trees, which are blooming freely.

Los Angeles county—Los Angeles city: The weather was very warm and dry, the highest temperature being 90 deg. and the lowest 47 deg.; there was a daily excess of temperature, excepting a slight deficiency in rainfall; dry land winds are blowing. La Canada: Clear, warm weather prevailed during the week; all vegetation is growing rapidly; fruit trees are blooming profusely; highest temperature 80 deg., lowest 46 deg. Verdugo: The ground is being dried up very rapidly; there is a daily excess of temperature, excepting a slight deficiency in rainfall; dry land winds are blowing.

Riverside county—Elmwood: Dry north winds of the past week have been very harmful to the grain and hay crops; in fact all vegetation is showing the need of rain very much; highest temperature 96 deg., lowest 37 deg.

Orange county—Santa Ana: The weather during the past week was unusually warm and dry; there are fair yields of barley; deciduous fruit promises an excellent crop; highest temperature 87 deg., lowest 52 deg. Capistrano: The highest temperature during the week was 86 deg. and the lowest 54 deg.

San Diego County—San Diego city: The temperature during the past week was 70 deg., the highest 82 deg., and very much in excess of the last half; the normal for the week was 59 deg. and the mean 61 deg., showing an excess of 2 deg.; the highest temperature was 88 deg., which is the highest recorded since last summer; no rain fell, due to the dry weather; the dry weather which has already drawn considerable moisture from the soil, rain and cooler weather is needed; so far as can be learned, no damage has resulted from the abnormally high temperature. Valley Center: A first-class crop of apricots is expected, as the late frosts did no injury.

PASADENA.

CRITICISMS ON EAST COLORADO STREET IMPROVEMENTS.

The Americus Club Will Display Its Skill on the Day of the Floral Parade—Meeting of the Merchants' Protective Association, News Notes and Personals.

PASADENA, April 13.—[Regular Correspondence.] The improvements on East Colorado street were inspected this morning by Street Superintendent Buchanan. Property-owners had been invited to accompany him in his inspection, but only two responded. Criticism of the work, however, is not wanting. It is said that while the cement work and the curbs are entirely satisfactory, the gutters have not been properly laid, and the street itself is not what it should be. The electric railway company has agreed to put in good condition that part of the center of the street which was left unfinished in order that the company's second track might be laid.

Many property-owners are regretting that they did not have the street paved. They realize now, that a dirt street cannot be expected to be as satisfactory as one that is paved. AMERICUS CLUB.

At a meeting of the Executive Committee of the Americus Club, held yesterday, arrangements for the club's appearance of the floral parade were fully discussed, and committees were appointed to attend to various details.

The offer of the Board of Trade directors to contribute \$200 to the expense of forming the Pasadena Band in the uniform of the Americus Club was received and gratefully accepted.

A communication was read from La Fiesta Committee, asking that the club, after the parade, march after them should march around the amphitheater, displaying some of the evolutions which have made the club famous. The secretary was instructed to reply that the club would comply with the request.

H. S. Shaw and W. B. Clapp were appointed a committee to provide suitable floral decorations for the club.

N. S. Bangham and H. M. Dobbins were appointed a committee to see that the members of the band are properly provided with uniforms.

It is probable that an early morning drill will be a feature of two of the floral parades. The evening drills are well attended and much enthusiasm is displayed by the members of the club. The greatest satisfaction expressed over the fact that Major Bangham is to be in command on the day of the parade.

An effort is being made to obtain special cars from the Los Angeles Railway Company to convey the club from the Terminal Depot to the amphitheater on the day of the floral parade.

MERCHANTS' PROTECTIVE ASSOCIATION.

A meeting of the Merchants' Protective Association was held last evening at the Board of Trade rooms. President Edmund Lockett presiding.

The matter of imposing a license upon the dealers in fish and oysters for trade in this city was again brought up for discussion, but no action was taken. The question was finally postponed until the May meeting of the association.

The first anniversary of the formation of the association will be celebrated by a banquet on May 6. Dr. A. H. Palmer, H. I. Munger, and F. R. Harris were appointed a Committee on Arrangements.

The question of closing the business house of the city on the afternoon of the floral parade was discussed, but without taking any definite action.

BOULEVARD MEETING.

San Fernando Valley Favors the Eagle Rock Route.

The residents of Glendale, Tropico, Verdugo and Burbank turned out en masse Monday evening at a meeting in the G.A.R. Hall at Glendale to discuss the route of the proposed boulevard from Los Angeles to Pasadena.

After a general discussion which was participated in by Mr. F. F. Taylor, Good, Park, Hickson and Glassell, Mr. Burch offered the following resolution, which was adopted unanimously:

"Resolved, that we, representing the vicinities of Glendale, Tropico, Verdugo and Burbank, most heartily endorse the Eagle Rock route for boulevards from Los Angeles to Pasadena."

Many of the people of those districts were tired of driving to the city on a road lined with slaughter-houses and fertilizer works, and if the Eagle Rock route were adopted, the people would widen the streets to the east and south and approach the city by the Griffith and Elysian parks. He stated that this route was admittedly the most picturesque and most available to the greatest number of people. On behalf of Glendale and Tropico he pledged the heartiest cooperation on the part of the association upon the construction of the Eagle Rock route. Representative from other parts of the valley echoed the same sentiments.

DR. COFFIN RESIGNS.

Ex-Councilman Pessell Appointed Assistant Superintendent.

Latest advices from Whittier announce the appointment of ex-Councilman George D. Pessell to the position of assistant superintendent of Whittier State School, made vacant by the resignation of Dr. W. V. Coffin. Dr. Coffin handed in his resignation several days ago, and will start next Monday for Richmond, Ind. This closes the Coffin administration, which has been so largely instrumental in raising the school to its present position. Dr. Coffin has lent efficient aid at all times to his brother, the late superintendent, and has for years been closely identified with the management of the State school.

Mr. Pessell, his successor, is a well-known Democratic politician. He was Mr. Grider's predecessor as Councilman from the Sixth Ward, and was candidate for Supervisor against Mr. Wirsching, the present representative of the Third Supervisor District.

A UNIQUE ART EXHIBIT.

Never in the annals of rug sales was such a collection of so many fine rugs as the one exhibited by M. B. Milban at No. 313 South Broadway. It was a perfect success, attracting a crowd of art-lovers.

The designs, the extra luster, fine texture and most beautiful colors were the admirable features of Milban's rugs.

After inspecting these goods no one could help to see the great difference between home-made and cheap trade-made rugs, the latter have so much flooded into this market by so-called health or rather fortune seekers.

The rugs made for private home use are made of select hair and are very lasting, colors are fast. They improve in time and attain a rich luster, while rugs made for the trade are made of the refuse wool and are very poor make, never improve, colors run and soon get shabby.

Mr. Milban is a very shrewd and well-known buyer, takes great care to buy nothing but choice, private home-made rugs. His collection is always safe from spurious goods.

Today his long-talked auction sale opens at 10:30 a.m. and 2 p.m., when many of these much-admired fine rugs will be offered, with one of the Shah's silk rugs, the wonder of art. The sale will continue every day this week at the above-mentioned hours.

At this sale the public will get the right article and not old chestnuts kept in the basement of a store and brought out occasionally as consignment without any owner's name to fool the public. Reliable people are not ashamed of their names and of their goods.

MOST EXTRAORDINARY.

All subscribers to the Times, whether old or new, who pay in advance \$1 for one year may have a photograph enlarged to three-fourths life size, and handsomely framed, without costing them a cent for the picture or frame.

KILLS A MAN IN THE MORNING AND LIBERATED IN THE AFTERNOON.

Remarkably Quick Legal Action in the Case of the Slayer of James Holmes at the Broadway Hammam Baths.

At 2:10 o'clock yesterday morning Joseph Clossen shot and killed James Holmes, in the very heart of the city. At 3 o'clock yesterday afternoon, just twelve hours and fifty minutes after the killing, Clossen walked out of the Police Station a free man. The homicide, when booked at the City Prison, five minutes after firing the fatal shots, had in his possession cash and checks amounting to a little less than \$200. When he was released from custody yesterday this money was handed back to him, and he put it in his pocket and walked away. San Francisco papers please copy.

That Clossen had been entirely justified in killing Holmes, and that he should defend his life against his vicious assailant was apparent from the facts obtainable immediately following the killing. This was emphasized at the Coroners' inquest yesterday afternoon, when it was shown by a number of witnesses that Holmes, in Clossen's victim, had been the aggressor throughout the original trouble, as well as at the fatal meeting at the bath house. It was further made plain by the testimony of almost every witness examined by the Coroner that, though Holmes had attempted to kill Clossen, the latter had sought to avoid trouble by running away, first from the scene of the disturbance on the way home from the party, and again from the infuriated black demon, who pursued him to the bath house with intent to carry out his purpose.

From the beginning to the end of the trouble, Clossen was armed, and could have killed Holmes at any time. He refrained from firing, however, until his life was in imminent peril. The Coroners' Jury found that the killing was justified, and that Clossen should be exonerated from all blame. Five minutes later, in the absence of any charge against the prisoner, the police released him from custody.

The speed with which justice was administered in this case is unprecedented in local criminal annals.

LO.O.F. FUNERAL NOTICE.

SAFANTON (Tex.) April 13.—Two extra fast freight trains on the Southern Pacific Railway collided near Langtry, 180 miles west of here, this forenoon. Fireman A. S. Welch was killed and other trainmen injured.

Which Cured Him After Everything Else Failed.

Painful diseases are bad enough, but when a man is slowly wasting away with nervous weakness, the mental forebodings are ten times worse than the most severe pain. There is no worse affliction than an aching, day or night. Sleep is almost impossible, and under such a strain men are scarcely responsible for what they do. For years the writer rolled over in bed, tormented by the trouble of some affliction, until it was evident that he had not better take a dose of poison and thus end all his troubles. But providential inspiration came to him, and the shade of a combination of medicines that man can conceive, restored the general health, but enlarged his weak, emaciated parts to natural size and vigor, and he now declares that any man who will take this medicine will be cured. This is a great remedy may have the method of the wonderful treatment free. Now when I say free, I mean absolutely without cost. I want every weak man to have the benefit of my discovery.

I am not a philanthropist, nor do I pose as an enthusiast, but there are thousands of men suffering the mental tortures of weakened health, and the best of them at the child stage but get such a remedy as the one that cured me. Do not try to study out how I can afford to pay the few postage stamps necessary to have the information sent for, and learn that there are a few here on earth that, although they cost nothing to get, are worth a fortune to some men and women. Please write to me for my book, and I will send it for a few cents. Write to Thomas Stater, box 163, Kalamazoo, Mich., and the information will be mailed in a plain sealed envelope.
